

MOUSE GENETICS 2016

Orlando, Florida • July 13 - 17, 2016

BRINGING GENETICS TOGETHER

ORLANDO, FL
JULY 13-17

KEYNOTE SPEAKERS

The 2016 Mouse Genetics meeting will feature two Keynote Speakers:

Kat Hadjantonakis - Rosa Beddington Lecture
Memorial Sloan Kettering Cancer Center, New York

Joe Nadeau - Verne Chapman Lecture
Pacific Northwest Research Institute, Seattle

PLENARY SPEAKERS

Human Disease Models:

Freda Miller

The Hospital for Sick Children
(Toronto)

Epigenetics:

Jeannie Lee

HHMI, Harvard Medical School
(Boston)

Technological

Innovations:

Vasillis Ntziachristos

Technical University (Munich)

Comparative Genomics, Computational Methods & Evolution:

Hopi Hoekstra
Harvard University
(Cambridge)

Stem Cells:

Josh Brickman

Danish Stem Cell Center
(Copenhagen)

Cancer & Immunology:

Tyler Jacks

Koch Institute for Integrative Cancer
Research, HHMI MIT (Cambridge)

Development:

Takashi Hiragi

EMBL (Heidelberg)

SCIENTIFIC CONFERENCE COMMITTEE

Teresa Gunn, Co-Chair

McLaughlin Research Institute,
Montana, USA

David Beier

Seattle Children's Research Institute,
Washington, USA

Yumiko Saga

National Institute of Genetics, Japan

François Spitz

EMBL Heidelberg, Germany

Monica Justice, Co-Chair

University of Toronto and Hospital
for Sick Children, Canada

Martin Hrabé de Angelis

Helmholz Center and Technical
University, Munich, Germany

Philippe Soriano

Mount Sinai School of Medicine,
New York, USA
